Taught In A Simple Way

Learning from Luther's Small Catechism

Sermon: Newness of Life...Holy Baptism

What is the Small Catechism?

Martin Luther wrote the Small Catechism in 1529 as a concise instruction book to help parents and pastors teach the foundational truths of the Christian faith. It addressed the widespread illiteracy and lack of basic theological understanding in the 16th century by boiling down core teachings into six Chief Parts: the Ten Commandments, the Apostles' Creed, the Lord's Prayer, Baptism, Confession, and the Lord's Supper.

As the head of the family should teach them in a simple way to their household.

BAPTISM

Baptism is a divine action of God, where His death for the sins of the world, is brought to an individual. While God does limit himself from saving through other means, baptism is the way in which he instructed His church to bring this gift to the world. Go therefore and make disciples, by baptizing and teaching in the name of the Father, Son and Holy Spirit.

Therefore, cling to your Baptism and trust His promises.

What benefits does Baptism give?

It works _____.

It rescues from _____ and the _____.

It gives _____ to all those who _____ this.
